MINING NOTES.

The Showers Con. is looking up again Judge Boyle, of Chicago, leaves for the Coconimoo this week.

The new hoist and air compressor for the Lower Mammoth are now being in-

The Chainman company, of Nevada, is in with thirty-four pounds of gold

The Taylor and Brunton sampler has received seven cars of Ophir Hill ore, two of Horn Silver and one of Carissa, The rumor that R. G. Legg has resigned the superintendency of the Dex-ter, has not been positively confirmed, but circumstances indicate that it is

Glorious News.

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: Bitters has cured Mrs. Brewer of scrofula, which has caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help; but now her health is excellent." Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and rurning sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50 cts. Sold by Z. C. M. I. Drug

The Health Problem

Is much simpler than is sometimes supposed. Health depends chiefly upon perfect digestion and pure blood, and well by taking it properly for any stom-ach or blood disorder. Its cures of serious than fisticuffs had resulted. scrofula, salt rheum, catarrh, dyspepsia, rheumatism and other diseases are numbered by the thousands.

## MAMMOTH WILL **BUILD TRAMWAY**

tion Will be Pushed.

How Settling Price for Lead is Arrived at - De Lamar and April Fool to Consolidate.

Director Thomas W. Jennings, of the Mammoth company, is up from the mine and when asked this morning regarding the proposed tramway, he said that the work of surveying for it was now under way. This indicates that the company will soon dispense with the present arrangement with Mr. Cunningham for ore hauling.

At present the company is paying for the hauling over the Cunningham road a sum that nets the road, over all expense, from \$1,100 to \$1,400 a month. To purchase and operate the road would require a new engine, costing \$7,800, with strength developed by Daly-West, an expenditure of about 5,000 to repair the track and put it in good condition.

The estimate of the cost of constructing the tramway is \$14,000, and the new line will cost from \$5,000 to \$6,000. The complete cost will not exceed \$20,000. It is estimated that it can be seen at twothirds the expence of operating the rail-road, the estimated cost of the con-struction for running the tramway be. ing about 6 cents per ton.

ANOTHER CONSOLIDATION. The De Lamar and April Fool Com-

panies May Unite. On the heels of the De Lamar-Mercur consolidation comes the news that the De Lamar and April Fool, at De Lamar, Nevada, are to consolidate. J. B. Legget, president and director of the April Fool, and F. L. Sizer and F. M. Hod-Alicetors, are down from Butte gens, directors, are down from Butte and with Director Clarence McCornick, are in a position to take the matter up. The situation down there is such that is believed a consolidation would prove a big advantage to both companies. Should the plan go through the reorganized on a

GOLD FROM NOME.

The Cottage City Brings in Passengers and Dust.

basis of \$5,000,000 capital.

The steamer Cottage City reached Victoria, B. C., last night with ninetytwo passengers and \$150,000 in gold dust. She brought news that the party searching Date Island for Dr. Hickman, returned without meeting with success.

THE LEAD SITUATION. How Reduction in Quotations is Accounted For.

There does not appear to be anything singular in the fact that yesterday the settling price for lead for the week was announced at 3.62%, a drop of 4 cents, while in New York, the quotation of the American Smelting & Refining Company showed a sharp advance to \$4.10

The settling price here for the current week is based upon the average price of the week before. The average price for last week gave the figure announced pesterday. The settling price for next week will be on the basis of the average of quotations this week, so that if the gain to 4.15 is maintained that figure will be in effect next week.

BULLION-BECK CASE. Suit Involving 51,000 Shares Goes Over for Term.

The case of E. W. Wilson, trustee in bankruptcy of the estate of John Beck, bankrupt, vs J. A. Cunningham te al was to have been tried before Judge Hiles today, but was continued for the term at the request of Judge H. P. Hen-derson and A. T. Schroeder, attorneys for the plaintiff. Both counsel filed affidavits, Judge Henderson setting out the absence from the State of his business partner, Senator Brown, who, said, had gone to a hospital in Washington to be treated for his eyesight; his own illness and the failure to secure the depositions of Mrs. Sarah Everhard, who is in London. Mr. Schroeder claimed the plainti ffwas not ready to proceed to trial, on account of not be-ing properly notified, etc.; also that he expected to close his law office on July

The action involves the ownership of something like 51,000 shares of Bullion-Mr. Wilson sued to recover the stock from Cunningham who, he alleges, simply holds the stock as collateral security for money advanced to John Beck. Cunningham, however, alms he bought the stock outright. Recently the shares were sold by Cunningham to P. T. Farnsworth and A. E. Hyde for \$4.25 each, with the understanding that they would return the stock should the court decide in

Much interest is being taken in the Much interest is being taken in the case, and considerable disappointment was made manifest when it was announced the cause would go over, as the determination of the suit will have much to do with the property's future.

IN THE WICHITAS.

Prospectors Flocking to the Kiowa and Comanche Reservation. A dispatch from Fort Worth, Texas,

The situation in the Kiowa and Comanche reservations is becoming serious on account of hundreds of prospectors flocking to the Wichita Mountains, searching for valuable minerals. Five hundred are already there. The Indian olice have orders from the interior de partment to eject invaders and if this should be attempted bloodshed is feared. Rich deposits of ore have reently been discovered in the moun-

Claim Jumping at Nome.

A dispatch from Seattle, Wash., today, noting the arrival of the Cleveland from Cape Nome, says: Claim fumping was still in vogue when the Cleveland left. As a result of this there were scorces of personal encounters almost daily, but nothing more

## WHEAT TAKES A TUMBLE TODAY

Bears Crowd the Price Four Cents Under Yesterday.

PROMISE A GOOD SUPPLY.

Prairie Country will Furnish 100,000,-000 Bushels More Than Usual-Other Markets Quiet.

Chicago, June 26 .- July wheat opened at \$514@83% and sold off to \$21/2 during the first hour. Longs began their selling on the start, and at the break the Northwest was a seller. Local bulls caused a rally to 83c, but the demand was notably narrow. July later recovered to 83%, but the profit taking pressure from scalping longs and others was too heavy and near the end of the session the sagging process set in and July closed at the bottom four cents under yesterday, at 82c. Kansas City declared that Texas, Indian Territory, Kansas and Oklahoma would raise 100,000,000 bushels more wheat than last year. Some rain late in the day was reported from North Dakota and

NEW YORK MARKET.

New York, June 26.-There was a short demand at the opening for the international stocks in sympathy with the better tone in London. Great Northern pfd. advanced 2 points. The open-ing strength yielded almost immediately under heavy offerings of B. & O., which forced it off 2¼ and encouraged general selling of the list. Sugar was supported below 1.12½ and rose well above last night. The market became dull about last night's level, and then stiffened on the sharp break in wheat. The southwestern grangers were most benefitted. Changes in price values of the leading stocks in the second hour were narrow, but with an upward ten-dency on a light demand. Northern Pacific steel stocks which had declined sharply, recovered a point or more be-fore noon. Brooklyn Transit advanced to 54%, sugar to 1.14 and other indus-

trials to the best. When the decline was arrested the became intensely dull and sluggish. The selling was renewed in dealings, carrying B. & O. down to 69. The closing was quiet and irregular at small net changes. Trading in bonds was small and quotations at about yesterday's close.
